

Creating Subscription Comparisons

Archives

You are using phpFox version earlier than 4.6.0? Please refer instruction for this article [here](#).

This assumes you are already logged in as the Admin user and are logged into the AdminCP [logged into the Admin CP](#).

- Be sure you've got your [payment gateway](#) set up before enabling paid subscriptions.
- Be sure you've got your [subscriptions](#) set up before trying to create comparisons.

In **Admin CP**, click on **Subscriptions** on **Members** menu. And select **Comparison** from the main menu of the page.

Apps » Subscriptions » Compare Subscription Packages

[Add New Feature](#)

Once you've selected to Add New Feature, you'll see an image like the below. Fill in and select what you want for this comparison. We've included some test subscriptions for you to see an example.

1. The name of the subscription packages you've made will show at the top in their own columns.
2. Add a name for this feature. Example: names of features that the user groups can access such as the blog, photo, etc.
3. Toggle Comparison Value: Choose from Yes/no(shows as red x or green checkmark) or text field. In our example, you can see from Blog we chose No (red x) and Yes (green check). To change the Green check to a red X for not included, just click it to toggle it.
4. If you chose text field, you can enter your value for it.
5. This is the save button. Click it to save the comparisons.

Add Compare Feature

*Feature Name in Türkçe (TR)

Feature Name in other languages

If this value is empty, it will have value the same with the default language.

English (US):

Max 100 characters.

In which package is this feature supported ?

Premium

☐ Yes

☒ No

☐ Text Field

Standard

☐ Yes

☒ No

You can see the comparison at <yoursite.com/subscribe/compare> if using short URLs for your site, or at <yoursite.com/index.php/subscribe/compare> if not using short URLs. Remember to replace *yoursite.com* with your own site URL. Our image below shows the comparison we made, complete with colored backgrounds we chose when we made the subscription packages.
