Add Google Adsense Block

In this article, we are going to guide you how to add a Google Adsense blocks onto MetaFox site.

Firstly, you will need a Google Adsense account. Refer to this article for more details.

Log into your MetaFox site with the Admin user. On the Frontend, let's enable Editor Mode.

Choose the Edit Site Content option if you want to add Google Adsense block into all pages. Or choose the Edit Page Content option if you want to add into the current page.

In the Page Layout, click the Plus 🛟 icon to add the block in certain section you want.
