Enable Subscriptions

This assumes you are already logged in as the Admin user and are logged into the AdminCP logged into the AdminCP.

- *Be sure you've got your user groups set up the way you want them before enabling subscriptions.*
- *Be sure you've got your payment gateway set up before enabling paid subscriptions.*

Go to **Subscription** from **Members** menu, click on **Settings**:
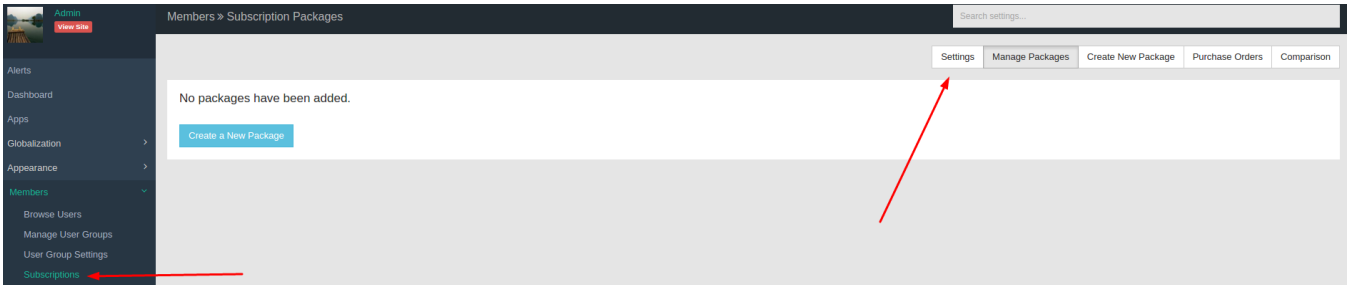

Here you will find 2 settings:
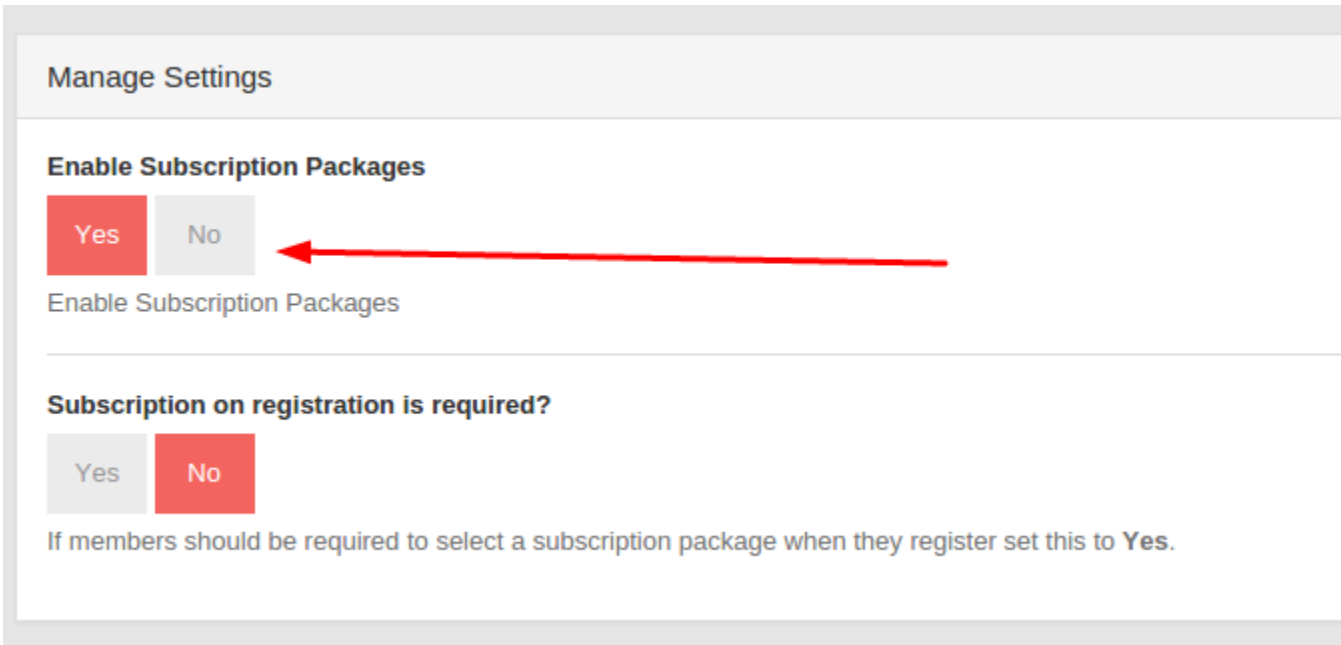

- (1) **Enable Subscription Packages**: Set to **Yes** to enable or **No** to disable subscriptions. (Default is No)
- (2) **Subscription on registration is required?**: Set to **Yes** to require a subscription choice on registration or **No** to not have subscription choices on registration. (Default is **No**)
