Access license key from web server

If you are running Neutron (v4 or higher), you can access your site's license information by opening the file `/PF.Base/file/settings/license.sett.php`.

In that file, you will find something like:

```
define('PHPFOX_LICENSE_ID', 'c5daa43d32eabb6da3e3ad6966ffa87d');  
define('PHPFOX_LICENSE_KEY', 'f353c6edf0293240a372d7876f27832f');
```

The 32 character jumble of letters and numbers is your license ID and Key.
