

Privacy - Invisibility Setting

This setting requires that Admin has set the user group to allow [Invisibility](#).

For more private browsing of the site, to set Invisibility so people can't see you are online, you'll do that in your Privacy Settings.

- Click the Gear icon in the top menu and select Privacy Settings:

- Click the Invisible Mode tab.
 - Set **Enable Invisible Mode** to Yes to enable or No to disable.
 - Save the change.
