

Enable / Disable Poke in Activity Feed

Enabling Poke in feed means every poke that user sends will be added to the activity feed.

In the AdminCP, Go to Apps >> Installed >> Poke

Toggle YES/NO button to enable/disable poke in the feed.

Apps » Poke

Admin CP » Manage Settings

Settings User Group Settings

Manage Settings

Add pokes to activity feed
If enabled every poke sent by a user will be added to the activity feed

☒ YES
