

How to show/hide special fields on Member Search form?

This tutorial will show you how to show/hide special fields on Member Search form for the user group. This assumes you are already logged in as the Admin user and are [logged into the AdminCP](#).

In AdminCP, select Members >> User Group Settings and then select "User" from "Apps" drop down, and the user group which you want from "Groups" drop down

User Group Settings » Administrator (ID#1) [Create User Group](#)

Apps: User Groups: Administrator

User Group Settings

Can add/edit settings for user groups?	Note: Enable this feature only if creating a plug-in or modifying the package.	YES
Can control privacy settings on their own profile?		YES
